“ABLE TO MIX”

2 chairs, 1 table, glass bowl, half filled with honey, the other half of milk

Is Palestine, as described in the Old Testament, really the land flowing with milk and honey!? Years ago I became aware of this - I do not know if I've read it or whether someone told me, my memory remains foggy. Well, that's not important. The important thing is, rather, that approximates this ideal image of reality.

My work is a connection between the “me” and the old Bible image that presents itself in a tangible form, we feel the taste, smell, and even can drink. mixing milk and honey, produce a homogeneous liquid. A seemingly unattainable object of desire of two peoples?
